A healthful conversation about **cannabis** use:

What do we really know?

Admission: Free

7:00pm - 9:30pm

Centre Culturel Franco-Manitobain
340 Provencher Blvd, Winnipeg

Emcee: **Ace Burpee**
103.1 Virgin Radio

“Clinicians and researchers are deeply concerned that Canadians may be unaware and unprepared for the effects of cannabis on people at risk. The strength of THC found in cannabis today is much more potent than it was decades ago. This public forum will attempt to answer honest questions with honest answers.”

– **Chris Summerville**

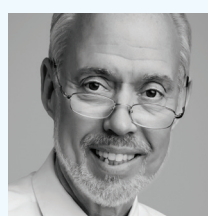

PANELISTS

Catarina Witt

What trends and prevalence are we seeing with the use of cannabis in Manitoba?
